Partner, BLM Law

I act for healthcare professionals and businesses in regulatory, disciplinary and inquest matters.

I am instructed by medical defence organisations, professional representative bodies and on a private basis to represent healthcare professionals involved in disciplinary matters before NHS England and NHS Trusts. I have experience of dealing with a wide range of healthcare regulatory bodies such as the General Medical Council, General Dental Council, General Optical Council, General Chiropractic Council, Health and Care Professions Council and the Nursing and Midwifery Council.

I advise regulated healthcare businesses on policy compliance issues and internal investigations into concerns about staff misconduct and clinical competence.

I have been a partner since October 2021.
