

## Things To Do In York

Founded as Eboracum in 71AD York has a rich history with Roman, Viking and Norman influences. There is a wealth of historical tourist attractions to visit around your stay for the conference.

York is one of the few cities left in the UK with remaining city walls which can easily be accessed just over the road from the hotel for a walk around the city.

[York Minster](#) is a fascinating visit and those who are feeling athletic can climb the 275 steps of the central tower for fantastic views over the city and the Vale of York.

If you need refreshments after that climb the world famous [Bettys Tea Room](#) is just around the corner.

For a more multisensory experience why not visit the [JORVIK Viking Centre](#) for the sights, sounds, and smells of Viking York.

There are wide range of other nearby museums and attractions including:

- [The National Railway Museum](#)
- [Barley Hall](#)
- [Castle Museum](#)
- [Cliffords Tower](#)
- [The Shambles](#)
- [York Dungeon](#) (where you can experience a very different court room setting)

There is more to discover at [Visit York](#).

For those wishing to experience York's thriving pub scene with a huge range of locally brewed beers there are far too many venues to mention. We would, however, particularly recommend the following within short walking distance from the hotel.

[The Maltings](#) (5 mins walk) Micklegate  
[The Falcon Tap](#) (8 mins walk) Micklegate  
[The Ackhorne](#) (10 mins walk) St Martins Lane

If you fancy travelling a little further afield Walmgate and the surrounding streets have even more delight ful places to visit (and the slightly longer trip will make your refreshment feel even more deserved!

[The Blue Bell](#) (14 mins) Fossgate  
[Brew York Tap House](#) (18 mins) Walmgate  
[Spark](#) – a container hub built in Piccadilly containing a wide number of street food vendors and pop up bars (15 mins)
